

# Oldtimerland Bodensee

Whether from Allensbach (D) to Zurich (CH), from Au (A) to Zumpano (I) – you can rely on our individual custom-made advisory services.

For the car enthusiast, we would be happy to recommend other automotive sites and subjects relating to Vintage cars from all over the region of Lake Constance and to assist you in planning your stay.

We host regional Vintage car drives such as the “Coppa di Insalata” but we also take care of super regional Vintage car rallies such as the famous “Mille Fiori”.

If you can't bring your own Vintage car to Constance, we will gladly support you in making arrangements to rent a Vintage automobile to drive through the region around Lake Constance.

Don't hesitate to turn to us for information or advisory services if you're interested in seeing this beautiful region from an “Oldtimer”. Allow us to recommend everything from route directions to Hotels and remember, our services are free.

# Oldtimerland Bodensee

A whole region likes to welcome fans of Vintage cars from all over the world.

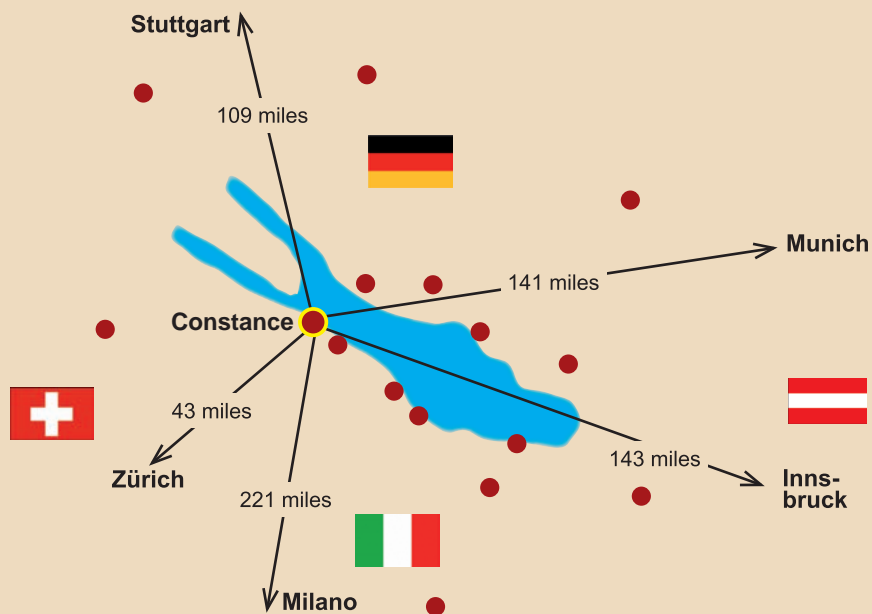

## Lake Constance – gate to the European history of mobility

Companies such as Zeppelin, Maybach, Porsche, BMW, Mercedes, Dornier and others claim this region around Lake Constance as home in a long tradition of developing and manufacturing automobiles.

This history nowadays is documented all around the lake in exhibitions and museums such as the world's most considerable Rolls Royce museum and the largest Zeppelin museum worldwide.

Just to get an impression: within a circular distance of 93 miles, there are 15 Vintage car museums (●).

## 4 countries – 4 cultures – 1 goal:

If you are travelling as an individual, a tourist party, a large Vintage car club or planning a business incentive – we at Stadtmarketing Konstanz GmbH would like to recommend and customise an itinerary to guarantee Vintage cars fans an exciting stay in the Bodensee region of Germany.

The Bodensee region is the southernmost portion of Germany, dominated by the Lake of Constance, making it centrally located to Italy, Austria and Switzerland. The city of Constance is an ideal starting point to visit the Countries surrounding the Bodensee.

From this picturesque city situated directly on the lake is just a stone's throw to some of the most challenging roads through the Swiss Alps, the culinary pleasures of Italy and the opera's of Vienna.

And remember: there is no speed limit on German Autobahns!  
If you develop a taste for driving faster, you can visit the racetracks in Monza, Italy, and Hockenheim, Germany.
